The Disability Royal Commission finished taking submissions in December but the impact of the Commission is ongoing and people still have stories to tell. Relationships Australia Canberra & Region Disability Royal Commission counselling and Support Service (DRCCS) have joined with This is my Brave Australia (TIMBA) to invite you to join us in a creative storytelling event for people living with disability, their families, supporters and workers. We look forward to learning about others lived experiences through storytelling, art, poetry, music, or any way you wish to share!
